

# North Carolina Traffic Stops: Search Rates by Race, Gender, and Age Group

Frank R. Baumgartner, Derek A. Epp, and Kelsey Shoub

UNC-CH Department of Political Science, email: Frankb@unc.edu

THE UNIVERSITY  
of NORTH CAROLINA  
at CHAPEL HILL

Based on official statistics provided by the NC Department of Justice and covering the period of Jan 1 2002 through Dec 31 2013. All calculations exclude checkpoint stops and passengers. Bar heights indicate the percentage of drivers who are searched. For more information, see [www.unc.edu/~fbaum/traffic](http://www.unc.edu/~fbaum/traffic). State Highway Patrol data covers 2000-2013.
