

Examining Question Period Topic Codebook

(May 2005)

Stuart Soroka, McGill University, stuart.soroka@mcgill.ca

The following codebook was derived from the Policy Agendas Project at the University of Washington. Examples of topics have been changed to reflect the Canadian context, and entirely new codes have been denoted with asterisks. A file documenting the specific changes is available upon request.

Major Topic Codes

- [1. Macroeconomics](#)
- [2. Civil Rights, Minority Issues, and Multiculturalism*](#)
- [3. Health](#)
- [4. Agriculture & Forestry*](#)
- [5. Labour, Employment, and Immigration](#)
- [6. Education](#)
- [7. Environment](#)
- [8. Energy](#)
- [9*. Fisheries](#)
- [10. Transportation](#)
- [12. Law, Crime, and Family Issues](#)
- [13. Social Welfare](#)
- [14. Community Development and Housing Issues](#)
- [15. Banking, Finance, and Domestic Commerce](#)
- [16. Defence](#)
- [17. Space, Science, Technology and Communications](#)
- [18. Foreign Trade](#)
- [19. International Affairs and Foreign Aid](#)
- [20. Government Operations](#)
- [21. Public Lands and Water Management](#)
- [23. Culture and Entertainment](#)
- [24. Provincial and Local Govt Administration](#)
- [25*. Intergovernmental Relations & Trade](#)
- [26*. Constitutional and National Unity Issues](#)
- [27*. Native Affairs](#)

Subtopic Codes

1. Macroeconomics [\[return to index\]](#)

100: General Domestic Macroeconomic Issues (includes combinations of multiple subtopics) ; Examples: the administration's economic plans, economic conditions and issues, economic growth and outlook, state of the economy, long-term economic needs, recessions, general economic policy, promote economic recovery and full employment, demographic changes, population trends, recession effects on state and local economies, distribution of income

101: Inflation, Prices, and Interest Rates ; Examples: inflation control and reduction, anti-inflation programs, calculation of inflation statistics and price index statistics, consumer price index, food prices, cost of living, interest rates, bureau of labour reports on inflation, effects of inflation on business, general economic statistics

103: Unemployment Rate ; Examples: unemployment and employment statistics, economic and social impact of unemployment, national employment priorities, employment and labour market development, bureau of labour reports on unemployment See also: 502, 503 solutions to unemployment problems

104: Monetary Supply, Federal Reserve Board, and the Treasury ; Examples: monetary policy issues, Federal Reserve's yearly monetary policy reports, Department of Treasury and Federal Reserve Board expenditures, credit availability, national savings rate, relationship between fiscal and monetary policies ; See also: 1808 exchange rates; 1501 Canadian Banking System and Financial Institution Regulation

105: National Budget and Debt ; Examples: administration's yearly budget proposals, budget process, federal debt and deficit, deficit reduction and management proposals, budget projections, increases in the public debt limit, concurrent budget resolutions, impact of budget reductions on industries, states and communities

107: Taxation, Tax policy, and Tax Reform ; Examples: taxation of income, provincial and local income taxes, clarification of tax code, tax code reform, luxury and excise taxes, estate and gift taxes, corporate income taxes, collection procedures for federal taxes, administration tax proposals, income tax reform, tax treatment of charities, federal tax code reform and simplification, revenue acts, impact of taxes on business, GST, harmonizing provincial and federal taxes, child tax credit; See also: 2009 Revenue Canada administration

108: Industrial Policy ; refers to general, non-labour related policy. Examples: manufacturing strategy, technological capacity of industry, national industrial policy, industry revitalization and growth, decline in Canadian industrial productivity, plant closings and relocation, industrial reorganization, commission on productivity; See also: 1806 international business competition; 1403 economic development programs, 531 Canadian Industries (labour related issues)

110: Price Control and Stabilization ; Examples: economic stabilization programs, wage-price control and freezes, administered pricing programs, emergency price controls

199: Other

2. Civil Rights, Minority Issues, and Multiculturalism* [\[return to index\]](#)

200: General (includes combinations of multiple subtopics) ; Examples: civil rights violations, , equal employment opportunity laws, , expenditures for civil rights-related programs, civil rights enforcement, , employment discrimination involving several communities (age, gender, race, etc. in combination),

201: Ethnic Minority and Racial Group Discrimination ; Examples: minority set aside programs, minority contracting and business development, appointment of minorities to judgeships, Government/bureaucracy hiring and promotion of minorities, race-based crimes, hate crimes, investigation of racist individuals/organizations (e.g., Holocaust deniers) ; See also: 603 Education of Underprivileged Students, 2600* Constitutional Issues, 2700* Native Affairs, 21*0 Preservation of French Language and Culture, 212*: Charter of Rights and Freedoms

202: Gender and Sexual Orientation Discrimination ; Examples: gender and sexual orientation discrimination in the military, social security inequities affecting women, employment barriers to women, female salary inequities, sex discrimination regulations. See also 212*: Charter of Rights and Freedoms

204: Age Discrimination ; Examples: age discrimination in employment, mandatory retirement ages, retirement age policies. See also 212*: Charter of Rights and Freedoms

205: Handicap or Disease Discrimination ; Examples: discrimination against the disabled, employment of persons with disabilities, insurance discrimination of blind people, civil rights of institutionalized persons and the mentally retarded, travel problems of the handicapped. See also 212*: Charter of Rights and Freedoms

206: Voting Rights and Issues ; Examples: discriminatory barriers to voting registration (e.g., during Quebec referendum), banning literacy tests, voter registration, voting age

207: Freedom of Speech ; Examples: freedom of speech issues relating to the Charter of Rights and Freedoms, religious freedom, physical desecration of the flag, school prayer, protection of women's abortion rights, religious speech protection, anti-obscenity legislation

208: Right to Privacy ; Examples: privacy of consumer and worker records, employee drug and polygraph testing, computer access and security, police wiretapping, privacy of medical records, access to government records and information, disclosure and confidentiality standards for government information, Access to Information Act and Privacy Act, security and privacy of criminal arrest records

209: Anti-Government Activities ; Examples: theory and practice of Communism, internal security laws, investigation of student unrest at various universities

210*: Preservation of French Language and Culture ; Examples: sign laws in Quebec, bilingualism See also 610 French Language Education (Outside Quebec)

211*: Multiculturalism Issues ; Examples: discussion of multiculturalism, multiculturalism programs, most programs under Culture Heritage and Recreation services

212*: Charter of Rights and Freedoms ; general discussion of the Charter, implementation, effects, protection and promotion of English community in Quebec, multiple issues (for specific single-issue questions, put in relevant 200 subtopic code).

299: Other

3. Health [\[return to index\]](#)

300: General (includes combinations of multiple subtopics) ; Examples: Expenditures by Health Canada -- for health care general health issues, regulations for health care services, Medicare, women's health care; See also: 1300 general Health Canada expenditures

301: Health Care Reform, Health Care Costs and Availability ; Examples: spending on health care, cost control in health care, health care reform proposals, rural health care availability, catastrophic health care costs, availability of health care, inflation of health care costs; See also 302 Health Care Funding Arrangements

302*: Health Care Funding Arrangements ; Examples: federal-provincial agreements on health care funding, such as Established Programs Financing (EPF) and Canadian Health and Social Transfer (CHST). See also 2501*: Fiscal Arrangements-Social Programmes.

306: Regulation of Prescription Drugs, Medical Devices, and Medical Procedures ; Examples: drug approval process, drug patents, prescription drug cost increases, regulation of medical devices, generic drugs, prescription drug counterfeiting, pacemaker regulation, prescription drug labeling, over-the-counter drug safety, Government approval of contraceptive devices, allocation of human organs for transplant, safety of the blood supply, fatal allergic reactions to drugs, drug abuse in nursing homes, vitamin, mineral and diet supplements, regulation of drug marketing procedures, approval of drugs to combat specific diseases ; See also: 1520 business competition in the drug industry

307: Health Facilities Construction and Regulation, regulation of medical laboratories and clinical drug labs, medical lab reliability issues, hospital construction ; See also: 311 nursing home regulation

309: Mental Illness and Mental Retardation ; Examples: misuse of federal funds for mental health care, mental health services, review of hospital psychiatric programs, federal role in providing services to the

mentally ill, quality of care for mentally ill, mentally ill and handicapped children, specialized housing for mentally retarded

310: Medical Fraud, Malpractice, and Physician Licensing Requirements ; Examples: dispute resolution for medical malpractice claims, unfair sales practices in the diet and medical industries, liability protection for federal physicians, medical malpractice insurance coverage, physician recertification, faulty cholesterol screening, sale of fraudulent medical degrees

311: Elderly Health Issues ; Examples: regulation of the sale of long-term health care to the elderly, longterm care insurance improvement, court appointed guardianships for the elderly and infirm, health care problems of the elderly, preventative health care for the elderly, private sector elderly care assistance, drug price cost and the elderly, health care delivery problems affecting the elderly, research on aging, problems in financing long-term care, community alternative to institutional care, approaches to long-term care for the elderly, certification of long-term health care facilities, comprehensive home health care, nursing home standards and regulation ; See also: 303 elderly and Medicare; 1303 elderly assistance programs

312: Infants, Children, and Immunization ; Examples: comprehensive child immunization act, reduction of infant mortality, promotion of breast feeding, prenatal care programs, child health care, sudden infant death syndrome, childhood malnutrition, fetal alcohol syndrome, child dental care

313: Health Manpower Needs and Training Programs ; Examples: health manpower training, medical personnel shortages, nurse training, public health training grants, physician training, medical libraries

315: Military Health Care ; Examples: veteran's health care programs, military mental health care programs, army nurses training, pay increases for military physicians, disabled veterans rehabilitation, VA hospitals and quality of care, post-traumatic stress disorders, nursing home care for veterans, military medical malpractice, military medical care accessibility, Agent Orange research

331: Drug and Alcohol Treatment ; Examples: extension of drug and alcohol abuse prevention programs, health coverage of drug and alcohol abuse treatment programs, drug and alcohol abuse prevention programs in schools, drug and alcohol abuse in the armed services, juvenile alcohol and drug abuse, entertainment industry efforts to curb drug and alcohol abuse ; See also: 332 alcohol abuse and treatment; 334 illegal drug abuse and treatment

332: Alcohol Abuse and Treatment ; Examples: implementation of the national minimum drinking age act, alcoholic beverage advertising act, alcohol abuse among the elderly, prevention of adolescent alcohol abuse, health insurance coverage of alcohol abuse treatment, drunk driving victims protection, drunk driving enforcement aid for states, alcoholism prevention programs ; See also: 331 drug and alcohol abuse

333: Tobacco Abuse, Treatment, and Education ; Examples: cigarette advertising and regulatory issues, ban on smoking in federal buildings, increase public awareness of smoking health risks, smoking prevention education programs, health effects associated with smoking

334: Illegal Drug Abuse, Treatment, and Education ; Examples: drug abuse education and prevention programs in schools, community based anti-drug programs, federal prison substance abuse treatment availability act, methadone treatment program, drug abuse treatment programs and insurance coverage, drug abuse by military personnel ; See also: 1203 drug trafficking and control; 306 regulation of prescription drugs

349: Specific Diseases ; Examples: federal response to AIDS, breast cancer treatment, skin cancer, Alzheimer's disease victims, treatment of osteoporosis, health effects of arthritis, renal disease, treatment of high blood pressure, Legionnaire's disease, communicable disease control, sickle cell anemia prevention, polio, venereal diseases, Center for Disease Control funding

398: Research and Development ; Examples: medical research and regulatory issues, sleep disorders research, biomedical research, fetal tissue transplant research, health policy research programs, medical applications of biotechnology research, research on increased life expectancy, human genetic engineering research, biomedical and behavioral research

399: Other ; Examples: rehabilitation needs of persons with head injuries, life-sustaining treatments for the terminally ill, nurse midwifery, health consequences of a nuclear attack

4. Agriculture & Forestry* [\[return to index\]](#)

400: General (includes combinations of multiple subtopics) ; Examples: Agriculture (and Agri-Food) Canada expenditures, Canadian Wheat Board, general farm bills, farm legislation issues, economic conditions in agriculture, impact of budget reductions on agriculture, importance of agriculture to the Canadian economy, national farmland protection policies, agriculture and rural development expenditures, family farmers, state of Canadian agriculture, farm program administration, long range agricultural policies

401: Agricultural Trade (international)* ; Examples: reform or abolishment of Canadian Wheat Board, inspection of imports, agriculture export promotion efforts, agricultural trade promotion programs, tobacco import and export trends, agricultural export credit guarantee programs, impact of imported meats on domestic industries, country of origin produce labeling, agricultural export initiatives, value added agricultural products in Canadian trade, establish coffee export quotas, effects of US produce importation, international wheat agreements, livestock and poultry exports ; See also: 2503 Inter-Provincial Trade-Agricultural, 1800 general foreign trade; 1502 agricultural commodities trading.

402: Government Subsidies to Farmers and Ranchers, Agricultural Disaster Insurance ; Examples: Net Income Stabilization Account (NISA), Agricultural Income Disaster Assistance (AIDA), Grain Transportation subsidies (for inter-provincial trade), Crop Insurance, Advance Payments program, Assurance-stabilisation des revenus agricoles (ASRA), agricultural price support programs, crop loss assistance, agricultural disaster relief programs, subsidies for dairy producers, farm loan and credit issues, direct subsidy payments to producers, evaluation of the supply and demand for various agricultural commodities, beef prices, agricultural subterminal storage facilities, financial problems of farm banks, agricultural transportation subsidies ; See also: 1404 farm real estate financing

403: Food Inspection and Safety (including seafood) ; Examples: Canada Food Inspection Agency, Food Safety Assessment Program, monitoring of animal drug residues, consumer seafood safety, budget requests for food safety programs, food labeling requirements, grain inspection services, regulation of health and nutrition claims in food advertising and labeling, sanitary requirements for food transportation, regulation of pesticide residues on fruit, regulation of artificial food coloring, contamination of food supplies, meat grading standards, meat processing and handling requirements, improvement of railroad food storage facilities, shortage of grain storage facilities, food packaging standards, food buyer protection ; See also: 401 inspection of food imports

404: Agricultural Marketing, Research, and Promotion ; Examples: research, and consumer information act, commodity promotion programs, wheat marketing problems, livestock marketing, fruit and vegetable marketing, industrial uses for agricultural products, meat promotion program.

405: Animal and Crop Disease and Pest Control ; Examples: regulation of plant and animal mailing to prevent the spread of diseases, control of animal and plant pests, pork industry swine disease eradication program, virus protection for sheep, grasshopper and cricket control programs on farmland, eradication of livestock diseases, brucellosis outbreak in cattle, integrated pest management program, toxic contamination of livestock, fire ant eradication program, predator control problems, biological controls for insects and diseases on agricultural crops, eradication of farm animal foot and mouth diseases ; See also: for pollution effects of pesticides see 704; for pesticide residues on foods see 403

406*. Forestry, general ; Examples: regulation of logging industry, forestry management programs, trade factors and disputes affecting Canadian timber exports.

498: Agricultural Research and Development ; Examples: condition of federally funded agricultural research facilities, nutrition research activities, agricultural research programs, regulation of research in agricultural biotechnology programs, organic farming research, potential uses of genetic engineering in agriculture, agricultural research services, research on aquaculture

499: Other ; Examples: methodologies used in a nationwide food consumption survey, agricultural weather information services, federal agricultural census, designate a national grain board, home gardening, redefinition of the term "farm "

5. Labour, Employment, and Immigration [\[return to index\]](#)

500: General (includes combinations of multiple subtopics) ; Examples: Human Resources Development Canada expenditures, assess change in labour markets, decline in the number of manufacturing jobs, national employment priorities, EI administration financing, current labour market developments

501: Worker Safety and Protection ; Examples: Canadian Centre for Health and Safety, mine safety regulations, lead exposure risks during construction activities, improving safety and health programs, petrochemical plant worker safety, repetitive motion illnesses in the workplace, penalties and procedures for violations resulting in employee death or disability, construction safety standards, improve procedures for occupational health hazards identification, identification of high-risk diseases in the work place, drug and alcohol abuse in the work place, compensation for occupational diseases, safety at nuclear facilities

502: Employment Training and Workforce Development ; Examples: job opportunities and basic skills training programs, federal aid for job retraining, elderly workers and job re-training, displaced homemakers vocational and education assistance, work incentive programs, manpower development and training , public service jobs for unemployed

503: Employee Benefits ; Examples: underfunded pension plans and pension plan protection, emergency unemployment compensation, retiree health benefits, guarantees of retirement annuities, employee stock ownership plans, fraud and abuse in employee sponsored health insurance programs, health benefits for employees, pension benefit guarantee corporation, voluntary employee leave sharing program, tax treatment of employee fringe benefits, disability insurance legislation, railroad employment benefits ; See also: 2004 federal employee benefits, 507* Canadian Pension Plan

504: Employee Relations and Labour Unions ; Examples: labour-management relations in the coal industry, striker replacement legislation, national rail strike, federal agency guidelines for worker dispute resolution, unions and collective bargaining problems, regulation of flight attendant work and rest periods, federal mediation of railway employee strike, fair labour standards, labour law reform and unfair labour practices, terms of office for local labour union officers, harbor workers compensation act, investigation into the causes of labour disputes, notification of plant closures or layoffs, [includes government interventions in employer-employee disputes] ; See also: 1926 International Labour Organization; 1202 illegal activities of labour unions

505: Fair Labour Standards ; Examples: minimum wage regulation for federal contracts, increase the minimum wage rate, enforcement of wage and hour standards, require contractors to pay wages at the rate in locality where the construction occurred, fair labour standards act, penalties on employers for overtime work requirements ;

506: Youth Employment and Youth Job Corps Programs ; Examples: youth employment through conservation projects, increase youth participation in job training centers, youth employment regulation and protection, voucher system to promote youth service programs, youth involvement in community service programs, summer youth education and employment programs, job training for disadvantaged youths ; See also: 501 child labour safety

507*: Canadian Pension Plan (CPP) (also Quebec Pension Plan, QPP) ; discussion of establishment, funding, state of, or reforms to the CPP. For Old Age Security, see 1303.

508: Parental Leave and Child Care ; Examples: family and medical leave act, child care assistance programs, child care for low and moderate income families, meeting the child care needs of working parents, affordability of insurance for day care centers, parental and medical leave, child care placement assistance for working parents

529: Migrant and Seasonal workers, Farm Labour Issues ; Examples: migrant and seasonal worker housing, national office for migrant farm workers, improvement of migrant living and working conditions, social and economic problems of migrant workers, migrant workers and their effect on Canadian labour, migratory labour bills, health clinics for migratory farm workers, farm labour supply programs

530: Immigration and Refugee Issues ; Examples: immigration of refugees to Canada, refugee resettlement expenditures, immigration and public health, expenditures and policies relating to the Immigration and Refugee Board of Canada and Citizenship and Immigration Canada, Immigration and Refugee Protection

Act, enforcement of immigration laws, legalization procedures for illegal immigrants, education issues for immigrants, denial of visas to political refugees, political refugees in the Canada, deporting criminals, extradition issues; See also: 1524 tourism; 1929 passport issues

531*: Canadian Industries - general and labour related; discussion of / concerns about Canadian industries ; for specific industries, see 532 Automotive, 400 Agriculture, 406* Forestry, 900* Fishing, 108 Industrial Policy (non-labour related issues)

532*: Canadian Automotive Industry ; discussion of the automotive industry in Canada ; See also 1800 Foreign Trade

599: Other ;

6. Education [\[return to index\]](#)

600: General (includes combinations of multiple subtopics) ; Examples: federal education programs, state of education in Canada, education programs development, education quality, national education methods, impact of education budget cuts, conferences on education; See also 2500 Intergovernmental Relations and 2501 Fiscal Arrangements-Social Programs

601: Higher Education ; Examples: student loan programs, higher education student financial aid programs, loan programs for graduate students, student loan fraud and default, veterans education assistance, foreign students at Canadian universities, rising costs of operating higher education institutions, improving the quality of higher education ; See also: 1611 military education

602: Elementary and Secondary Education ; Examples: federal elementary and secondary education programs, school funding disparities, education choice programs, high school dropout intervention programs, certification standards for public school teachers, impact of federal budget cuts on school districts, elementary and secondary school student discipline problems, the safe schools act, school lunch programs, construction assistance for school facilities, high school scholarship programs

603: Education of Underprivileged Students ; Examples: teaching disadvantaged students, education needs of natives. Bilingual education needs, grants to improve skills of economically disadvantaged students, adult literacy programs, combating adult illiteracy in Canada, education for children from low income homes, enrichment programs for disadvantaged secondary school students ; See also: 201 Ethnic Minority and Racial Group Discrimination, 2602 Native Affairs

604: Vocational Education ; Examples: expenditures for vocational education programs, federal aid for vocational training, technical and vocational education programs, vocational aid program requirements, impact of proposed budget cuts on vocational education, vocational and occupational education

606: Special Education ; Examples: education programs for the deaf, DOE grants for early intervention services for disabled infants and toddlers, expenditures for Education of the Handicapped Act, progress in implementing program for learning disabled youth, handicapped education, free public education for the handicapped, education assistance for the blind

607: Special Secondary Education Programs ; Examples: promotion of excellence in education, promotion of science and math education, education standards and testing, improvement of science education facilities, increase language competency in schools, programs to promote teacher excellence, grants for improving computer education in schools, establish centers for gifted and talented students, use of telecommunications to share teaching resources, grants for library construction, federal library program developments, public library facilities

609: Arts and Humanities ; Examples: Expenditures for Canada Council for the Arts, arts development programs, federal role in funding arts programs, conferences on the arts and humanities ; See also: 1707 public broadcasting

610: French language education (outside Quebec)

698: Research and Development ; Examples: education research and development programs, research on education technology

699: Other ; Examples: retirement and lifelong learning

7. Environment [\[return to index\]](#)

700: General (includes combinations of multiple subtopics) ; Examples: Environment Canada, Meteorological Service of Canada budgets, implementation of the Clean Air Act, review of Health Canada environmental regulations, Canadian policies and international environmental issues, requirements for pollution management programs, pollution control programs, environmental protection and energy conservation, adequacy of Environment Canada staff for implementing pollution control legislation

701: Drinking Water Safety ; Examples: Clean Water Act, pesticides in groundwater, lead contamination of drinking water, drinking water safety programs, comprehensive program to assess the quality of the nation's groundwater, drinking water availability, dioxin levels in drinking water

703: Waste Disposal ; Examples: interstate waste disposal, solid waste management, federal management of municipal waste, municipal sewage problems, recovery of energy from municipal solid waste

704: Hazardous Waste and Toxic Chemical Regulation, Treatment, and Disposal ; Examples: hazardous waste sites cleanup, hazardous materials transportation, international movement of hazardous waste, insurance company liability for cleanup costs of hazardous waste sites, hazardous waste landfills, possible sites for nuclear waste repositories, toxic substances control and regulation, advance notice of hazardous of hazardous material storage for firefighters, pesticides regulation

705: Air pollution, Global Warming, and Noise Pollution ; Examples: Clean Air Act, air quality issues affecting national parks, regulation of chemical plant emissions, costs and effects of chronic exposure to low-level air pollutants, ambient air quality criteria, global warming, national action plan for reducing greenhouse emissions, ozone layer depletion, national program to control acid rain, effects of chlorofluorocarbons on the ozone layer, regulation of automobile emissions, noise control programs

707: Recycling ; Examples: recycling contaminated materials, beverage container recycling, state and local recycling efforts, promotion of recycling as a means of reducing solid waste, resource conservation and recycling

708: Indoor Environmental Hazards ; Examples: Health Canada programs aimed at awareness of environmental hazards (e.g., radon), indoor air quality, lead exposure reduction, childhood lead poisoning prevention, management and control of asbestos, programs relating to indoor air contamination, airliner cabin air quality, health effects of exposure to low level radiation from video display terminals, regulation of indoor disinfectants

709: Species and Forest Protection ; Examples: Endangered Species Act, gray wolf restoration, protection of spotted owls, exotic bird conservation, protection of performance animals, regulation of trapping devices, bald eagle protection, regulation of laboratory animals, fish and wildlife protection and management programs, marine mammal protection, [fisheries protection, fishery conservation and management, salmon conservation issues – now 901* Fish stocks], sport fish restoration programs, protection scientific findings on late-successional forest ecosystems, old growth forest protection, wilderness refuge protection, control of illegal trade in animals and plants ; See also: 406* Forestry; 1902 international agreements on resource/wildlife conservation; 2101 national parks; 2103 public lands management

710: Coastal Water Pollution and Conservation ; Examples: preservation of wetlands, regulation of ocean dumping, pollution from cruise ships, marine plastic pollution control, marine sanctuaries expenditures, protection of coral reef systems, coastal barrier improvement, coastal erosion and management, toxic pollution in the great lakes, regulation of the incineration of hazardous wastes at sea, oil spills ; See also: 900* Fisheries, 2104 water resources development

711: Land and Water Conservation ; Examples: land and water conservation fund amendments, soil conservation promotion (e.g., National Soil Conservation Week), soil conservation for watershed projects, topsoil conservation standards, water supply problems, beach erosion, conservation reserve program ; See also: 2104 water resources development

798: Research and Development ; Examples: environmental research and development programs, research and development expenditures, global climate change research, ocean research using satellite technology, marine biotechnology research

799: Other

8. Energy [\[return to index\]](#)

800: General (includes combinations of multiple subtopics) ; Examples: National Energy Board, Natural Resources Energy Sector expenditures, Canadian energy goals, Canadian energy supply and conservation, regulation of natural gas and electricity, impact of taxation on national energy policy, global energy needs, emergency plans for energy shortages, promotion of energy development projects, long-range energy needs of Canada, energy advisory committees ; See also: 2104 for energy and water development projects

801: Nuclear Energy and Nuclear Regulatory Commission Issues ; Examples: Atomic Energy of Canada expenditures, CANDU reactor development, nuclear power licensing reform, nuclear power plant fire safety legislation, nuclear power policy, safety of nuclear facility storage tanks for high level radioactive waste, revise the claims system for nuclear accidents, standardized design for nuclear power plants, new technologies for safer nuclear reactors, need for international nuclear safety standards, state of the atomic energy industry, atomic energy patents ; See also: 501 nuclear worker safety; 1614 defence related nuclear waste; 704 nuclear waste

802: Electricity and Hydroelectricity ; Examples: expenditures on electricity and hydroelectricity through Natural Resources Canada, electric power plant construction, hydroelectric project licensing, hydroelectric power development, utility payment reform, electric utility rate reform and regulation improvement, regional shortages of electric power, electric utilities financial problems, regulation of electric power plants use of natural gas, vulnerability of Canadian electric power systems to accidents, increase in rural electric rates, emergency sales of electric power, impact of inflation and recession on the electric utility industry

803: Natural Gas and Oil (Including Offshore Oil and Gas) ; Examples: natural gas regulation, natural gas pipeline safety issues, pipeline development, northern natural gas and oil exploration, estimates of natural gas reserves in Canada, offshore gas and oil leasing, collection and dissemination of information on winter heating fuels, oil prices and demand, gasoline price increases, OPEC crude oil prices, oil shortages, increase in world oil prices, long-term outlook of the world oil supply, oil imports and foreign commission payments, oil imports and energy security, foreign oil production and consumption, oil shale mining claims and regulation, estimating domestic oil production, petroleum storage facility fire prevention and safety, strategic petroleum reserve ; See also: 2103 public lands management (including mineral resources of the outer continental shelf); 710 oil spills

805: Coal ; Examples: clean coal programs, clean coal technologies, regulation of coal slurry pipelines, extent and recoverability of Canadian coal reserves, regulation of land leases for the extraction of coal, federal standards for surface coal mining, coal imports

806: Alternative and Renewable Energy ; Examples: hydrogen and renewable energy programs, promotion of solar and geothermal power, promotion of alternative fuels for automobiles, issues of ethanol gasoline, biomass fuel and wind energy programs, ocean thermal energy research, solar energy development program, loans for alcohol fuel research

807: Energy Conservation ; Examples: energy efficiency in government, home energy efficiency programs, energy conservation in cities, energy conservation standards for household appliances, establish building energy performance standards, diesel fuel and gasoline conservation, promotion of carpooling, daylight savings time extensions, motor vehicle fuel efficiency

898: Research and Development ; Examples: national energy research and development policy, Natural Resources energy technology research and development, energy storage research and development programs, role of national laboratories in energy research and development

899: Other

9*. Fisheries [\[return to index\]](#)

900*: Fisheries, general; For water pollution, see 710: Coastal Water Pollution and Conservation

901*: Fish stocks ; depletion of, management of fish stocks

902*: Economic problems ; Examples: unemployment and economic difficulties, particularly in Atlantic Canada

903*: Foreign fishing ; Examples: problems with foreign boats, particularly East Coast cod fishing, Pacific salmon fishing; See also

999*: Other

10. Transportation [\[return to index\]](#)

1000: General (includes combinations of multiple subtopics) ; Examples: Canadian Transportation Agency or Transport Canada requests and expenditures, surface transportation programs, national transportation policy, rural transportation needs, adequacy of transportation systems, Interstate Commerce Commission policies and procedures, highway and mass transit programs, transportation assistance programs, highspeed ground transportation systems ; See also: 1003 Airports, Airlines, Air Traffic Control and Safety

1001: Mass Transportation and Safety ; Examples: mass transit grant programs, development of new urban public bus system, financial condition of the inter-city bus industry, emergency subsidies to urban mass transportation programs, metro-rail safety, public transportation

1002: Highway Construction, Maintenance, and Safety ; Examples: Transport Canada expenditures, federal aid for highway construction, highway safety and design, highway trust fund surplus, national maximum speed limit laws, federal funding for bridge maintenance projects, highway user taxes, infrastructure development, bridges

1003: Airports, Airlines, Air Traffic Control and Safety ; Examples: Canadian Transportation Agency (air), Canada Air Transport Security Authority, aviation safety issues, financial condition of the airline industry, uses of satellite technology in aviation, development of new commercial aircraft, commercial air service restrictions, airline compliance with safety regulations, nationwide airport expansion needs, regulation of aircraft noise, air traffic controller standards, airlines fares and services, airplane crash liability standards, problems with airline computer reservation systems, air traffic control computer failures, rates and fares of foreign air transportation, federal airport construction aid

1005: Railroad Transportation and Safety ; Examples: Canadian Transportation Agency (rail), CN expenditures, federal railroad safety inspection and enforcement programs, development of high speed passenger rail transportation, growth of regional railroads, sales of short line and regional railroads, passenger safety issues, freight rail industry regulation, railroad deregulation

1006: Truck and Automobile Transportation and Safety ; Examples: trucking industry regulation, establish a national system of licensing for truck and bus drivers, truck safety audit and investigation procedures, prohibition of tandem trucks, size and weight limitations for trucks on interstate, impact of federal regulations on independent truckers, long and short haul trucking provisions, regulation of freight forwarders, regulation of the trucking industry, motor vehicle safety issues, auto industry development of airbags, motor vehicle information programs, automobile safety belt usage, automobile crash testing and standards, economic status of automobile manufacturing, all-terrain vehicle safety, trucking industry deregulation, efforts to reduce drunk driving ; See also: 705 automobile emissions regulation, automobile CAFE standards

1007: Maritime Issues ; Examples: Canadian Coast Guard expenditures, cargo liability limits and the carriage of goods by sea, cargo preference laws, revitalization of the maritime industry, commercial fishing vessel safety, navigation safety issues, cruise ship safety, commercial shipbuilding industry, financing construction of merchant ships, maritime freight industry regulation, regulation of ocean shipping rates, Great Lakes pilotage, small boat safety, navigation rules on inland waterways ; See also: 1902 international fishing and wildlife agreements; 2104 port development and construction

1010: Public Works (Infrastructure Development) ; Examples: expenditures for public works and civil works projects, transportation infrastructure improvements, civil works and energy projects, public works investment needs, local public works employment projects, See also: 800 energy project; 2104 water resources development

1098: Research and Development ; Examples: surface transportation research and development, DOE requests for transportation research and development funding, research and development in ground transportation

1099: Other, example: taxi and limousine licensing

12. Law, Crime, and Family Issues [\[return to index\]](#)

1200: General (includes combinations of multiple subtopics) ; Examples: emerging criminal justice issues, administration of criminal justice, revision of the criminal justice system

1201: Agencies Dealing With Law and Crime ; Examples: RCMP, CSIS, judiciary, Department of Justice, law enforcement assistance programs, border crossing guards, port police; See also: 1800 Canada Customs and Revenue Agency

1202: White Collar Crime and Organized Crime ; Examples: Asian organized crime activities in Canada, racketeering control, organized crime, organized crime in labour unions, white collar crime, credit card counterfeiting and fraud legislation, corporate criminal liability, prosecution of organized crime labour racketeering cases, cigarette bootlegging ; See also: 1203 drug related money laundering

1203: Illegal Drug Production, Trafficking, and Control ; Examples: RCMP Drug Enforcement and Drug Awareness programs, cooperation in drug control border drug interdiction, international narcotics control strategy, Coast Guard drug confiscation and search policies, drug trafficking and money laundering, money laundering detection and penalties, federal seizure of drug related property, legalization of drugs, the relationship between drug trafficking and crime, criminal penalties for drug trafficking, smuggling

1204: Court Administration ; Examples: Judiciary / Supreme Court expenditures, Federal Court of Canada, Supreme Court of Canada, Tax Court of Canada expenditures and administration, reorganization of federal courts, reducing the workload of the Supreme Court, reforming jury procedures, time limits for federal criminal cases, capital punishment, criminal fine collection efforts, conditions for pre-trial release, bail guidelines and bail reform ; See also: 1205 parole issues; 1210 criminal sentencing requirements and civil suit guidelines

1205: Prisons ; Examples: Prison and Reformatories Act, prisons expenditures, halfway house contracts, alternatives to traditional incarceration for criminal offenders, prison overcrowding, prison construction plans and policy, prison violence, shortcomings of the correction system, reform of the present parole system, national correction standards

1206: Juvenile Crime and the Juvenile Justice System ; Examples: violent crime involving youth, juvenile justice and delinquency prevention, juvenile court system, youth criminal activity, homeless and runaway youth assistance programs, crime and violence in schools, adolescent drug use and related criminal activity, juvenile delinquency prevention programs, correlation of unemployment and the crime rate for youth, alternatives to juvenile incarceration, detention and jailing of juveniles

1207: Child Abuse and Child Pornography ; Examples: child abuse prevention, national child search system, regulation of child pornography, violence against children, sexual exploitation of children, problems and incidence of missing children, federal efforts to relocate missing children, sexual abuse of children in day care homes, parental kidnapping of their children

1208: Family Issues ; Examples: court-ordered child support, battered women and child custody legislation, state of child welfare services, adoption and foster care programs, domestic violence, federal family planning programs, impact of drugs on children and families, aid for abandoned infants and children, teenage pregnancy issues, teenage suicide prevention, family services support for adoption, family economic problems, consequences of divorce, elderly abuse, domestic violence

1209: Police, Fire, and Weapons Control ; Examples: Federal financial assistance to provincial and local law enforcement, rights of police officers during internal investigations, police misconduct, neighborhood crime reduction programs, arson prevention, handgun control, revise federal gun control laws, control of explosives
