

# AUGUST UPDATE

## Reauthorization Passes House on Voice Vote and Moves to Conference

Shortly after midnight on July 26, the House of Representatives passed the Ryan White CARE Act Reauthorization Amendments of 2000, H.R. 4807. The bill passed on a voice vote, so there was no recorded vote.

During the floor debate on the bill, there was a spirited debate between Representative Tom Coburn (R-OK) and Representatives Edolphus Towns (D-NY), Anna Eshoo (D-CA), and Nancy Pelosi (D-CA), on the "hold harmless" issue.

As passed, HR 4807 allows for a maximum total funding loss of 25% for EMAs that need to use the hold harmless provision for each of the five years in the reauthorization. This compares to the hold harmless provision in the Senate bill, which provides for a fixed decline of 2% per year for a maximum total funding loss of 10% in formula funding over the life of the reauthorization. The Senate bill mirrors the CAEAR Coalition's position on this issue.

The bill now moves to a House/Senate Conference Committee to work out the differences between the two bills. The CAEAR Coalition will work throughout the conference process to advocate its position on the hold harmless provision and other priority issues impacting Title I and Title III.

The Senate and House recessed for the political conventions and the August district work period without appointing conferees on the Ryan White CARE Act Amendments of 2000. Nevertheless House Commerce Committee and Senate HELP Committee staff have begun pre-conference discussions to reconcile the differences between the two bills. Conferees are expected to be appointed shortly after Congress reconvenes after Labor Day.

## FY 2001 Appropriations

Progress on the Labor-HHS-Education Appropriations bill slowed immediately before the recess though some action has been taken since the Senate and House votes. While a conference agreement between the House and Senate was not voted on, Republican negotiators agreed on a package that includes the following funding levels (in millions) for the Ryan White CARE Act:

PROGRAM	FY 2000 Final	FY 2001 CAEAR Request	Current Agreement On FY 2001
Title I	\$546.6m	\$635m	\$586.6m
Title II: Care Services	\$296.1m	N/A	\$310.1m
Title II: ADAP	\$528m	N/A	\$554.0m
Title III	\$138.4m	\$184m	\$173.9m
Title IV	\$51m	N/A	\$63m
Part F: AETCs	\$26.7m	N/A	\$31.6m
Part F: Dental Reimbursement	\$8m	N/A	\$9m

For Title I, the current agreement is \$40 million over FY2000, but \$48.4 million below CAEAR's request. For Title III, the current agreement is \$35.5 million over FY2000, but \$10.1 million below CAEAR's request.

The bill that includes these funding levels may be voted on when Congress reconvenes or there may be further negotiations where the figures could change. It is also possible that the Labor-HHS-Education appropriations bill may be combined with other spending measures in an omnibus spending bill.
