

# **Permanent Normal Trade Relations (PNTR) with China passed in Congress.**

## **The Vote was 237 to 197**

Thousands of UNITE members made a tremendous effort to defeat PNTR with China because it did not include protections for workers, consumers and the environment.

We called, wrote, and met with Members of Congress and held public demonstrations to demand that trade deals serve the needs of workers, not just corporations. Despite the outcome, UNITE is proud to have led this fight for fairness for all workers here and abroad.
