[Announcer]: We explored a continent and created a great democracy. We explored a new frontier in space and now

trading with people around the world is America's next frontier. It's not

easy or simple. Trade is about exploring, discovering new markets,

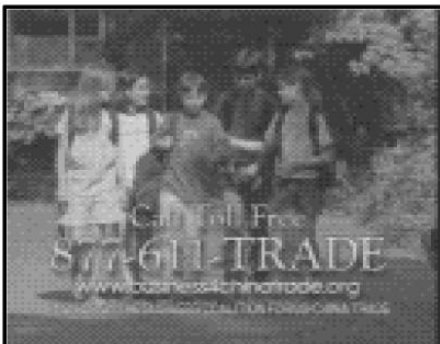

finding new opportunities. Trade with China isn't a gift to them,

it's for us. Trade creates opportunities right here at home.

Isolationism cuts us off. Call Congress. Tell them to vote yes

on trade relations with China. [PFB Business Coalition for US-China Trade]
