- It should not be overwhelming in terms of time to do the exam; you will not be overly rushed given a 2 hour exam time frame.
- Remember, it's only 20 percent so do not stress too much.

# Thanks for taking the class.

- I hope you have enjoyed it.
- I hope you have learned a lot.
- I hope you have challenged yourself.
- I hope you have learned not to judge things in the abstract, but that one should always judge them based on how they actually work, not as we wish they might work.
- (That is good advice in MANY areas of life!)
